

## MEDICAL VEHICLE FLEET

### WHO ARE WE?

Heart to Heart International (HHI) is a global humanitarian nonprofit organization based in Lenexa, Kansas, USA, that seeks to improve healthcare access in the U.S. and around the world by ensuring quality care is provided equitably in medically under-resourced communities and in disaster situations.

### HHI FLEET

HHI currently owns and operates a custom fleet consisting of our Mobile Medical Unit, Mobile Medical Van, and Disaster Response Trailer that can be deployed anywhere in the contiguous United States to support emergency response initiatives as well as community health events.

### WHERE HAS OUR FLEET BEEN IN SERVICE?

#### UNITED STATES:

- Texas
- Florida
- Louisiana
- Mississippi
- Missouri
- Kansas
- Kentucky

# FLEET SPECS

## Mobile Medical Unit

- Our 45-foot Mobile Medical Unit (MMU) features enhanced safety and accessibility (including a wheelchair lift).
- Patients in need receive quick and efficient on-the-spot medical exams and treatment.
- The MMU offers two patient treatment areas as well as pharmacy and counseling spaces.

## Mobile Medical Van

- The 2021 Mercedes-Benz Sprinter has been modified as a mobile clinic to serve one patient at a time.
- The van's smaller size allows HHI to deploy it to areas too difficult for the MMU to reach.
- The MMU and the van can be deployed together.

## Disaster Response Trailer

- The 2019 Model Bravo Trailer offers a versatile mobile space.
- Personnel can provide health services or use it as an administrative office.
- The trailer can be powered by a portable generator, shore power, solar panels, or an on-board marine battery.
